

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF WASHINGTON**

NOTICE AND HEARING TABLE

The Notice and Hearing Table is a reference guide in matrix format as to procedural requirements for various actions taken in Bankruptcy Cases and Adversary Proceedings. Most actions in bankruptcy are authorized only after notice and a hearing. “Notice and hearing”, described at 11 USC § 102, is a concept unique to bankruptcy which permits an act to be authorized only after proper notice and an opportunity to object has been given to the appropriate parties. In some cases an actual hearing is required, in others an ex parte order may be presented, and in still other cases an order is not required. The specific requirements for the notice can be found in the Bankruptcy Code (USC), the Federal Rules of Bankruptcy Procedure (FRBP) or Local Rules (LBR).

Where a Master Mailing List or Limited Mailing List was used pursuant to LBR 2002-1(d), the list is required to have been retrieved from the court’s database within five (5) days of its use.

If motions are combined pursuant to LBR 9013-1(b)(3), the longest objection period and most complete service or notice is required to be used for all the combined motions.

If an objection to a notice and hearing matter has been filed, it is no longer an ex parte matter. If, however, the objecting party withdraws the objection by a pleading or signs off on the order itself, the matter may once again be considered ex parte.

The Notice and Hearing Tables are arranged in six columns:

- | | |
|--------|---|
| Col. 1 | Refers to the relevant FRBP, LBR or USC. |
| Col. 2 | A brief description of the action or order involved. |
| Col. 3 | Identification to whom notice or service is required to be given by party, class, or category. |
| Col. 4 | The number of days required to be given for the filing of objections. This does not include the three additional days required by FRBP 9006 if notice is by mail. |
| Col. 5 | Notice (2002) refers to non-contested matters, whereas Service (9014) generally refers to Contested Matters.
2002 - first class mail postage pre-paid to the addressees in accordance with FRBP 2002(g).
9014 - in accordance with FRBP 7004, which is the same as for service of a summons in an adversary proceeding. |

(10/11)

Col. 6 Provides amplifying information where appropriate, including if a fee or use of a local form is required. Filing and miscellaneous fees are required by 28 USC 1930, and are subject to adjustment from time to time. Exact amount of filing fees are found on the court's home page at www.waeb.uscourts.gov under General Information/Bankruptcy and Miscellaneous Fees.

The bankruptcy judge has authority to shorten or extend the period of time for objections or to limit to whom notice must be given in certain situations in accordance with FRBP 9006 and 9007 and LBR 2002-1(c). Any questions concerning this Notice and Hearing Table or other ministerial or procedural matters should be addressed to the Clerk of Court.
